

City of Kings Mountain - Privacy Statement

Purpose

This policy describes privacy practices regarding information collected from The City of Kings Mountain web site. It contains information about what data are collected and how that information is used. This policy may be updated periodically, so please check back from time to time.

Collecting and Using Personal Information

When you visit and navigate our sites and when you communicate with us via our sites, we will not collect personal information about you unless you provide us that information voluntarily.

By “personal information,” we mean data that is unique to an individual, such as a name, address, Social Security number, e-mail address, or telephone number. From time to time, we may request personal information from you at our site in order to deliver requested materials to you, respond to your questions, or deliver a product or service.

E-Mail

We welcome your comments or questions about our websites and have provided e-mail addresses for that purpose. We will share your comments and questions with our customer service representatives and those employees most capable of addressing your questions and concerns.

Please note that your e-mail, like most, if not all, non-encrypted Internet e-mail communications, may be accessed and viewed by other Internet users, without your knowledge and permission, while in transit to us. For that reason, to protect your privacy, please do not use e-mail to communicate information to us that you consider confidential. If you wish, you may contact us instead via non-cellular telephone at the numbers provided at various locations on our sites.

Linking to Other Sites

From time to time, City of Kings Mountain's websites may provide links to other websites, not owned or controlled by the City, that we think might be useful or of interest to you. We cannot, however, be responsible for the privacy practices used by other website owners or the content or accuracy of those other websites. Links to various non-City websites do not constitute or imply endorsement by the City of these websites, any products or services described on these sites, or of any other material contained in them.

Security

Some information that you submit to us through this web site may be protected by encryption technology, whereas other information may not. Unless a particular web page on this site indicates that encryption technology is being used, you should not assume that information you submit through that web page will be secure. No web site can protect itself against all eventualities. The City will not be held liable for any injury caused by the disclosure of your information, whether by security breach, accident, inadvertence, or any other act resulting in disclosure.
